GYNAECOLOGY FEE STRUCTURE & FINANCIAL CONSENT (CONTINUED)

This is an estimate as an ultrasound is not always required at the initial visit. Similarly, during the course of a consultation the need for an extra procedure or service may arise. This may incur an additional expense that was not originally quoted, however this will not be undertaken without your permission.

Payment is respectfully requested at the time of consultation and can be made using Credit Card or EFTPOS.

Your Medicare claim can be processed immediately which means your Medicare rebate will be reimbursed directly into your bank account (providing you are registered with Medicare).

Pension and Health Care cards (fertility services excepted) are accepted.

Please feel free to call us if you have any queries about fees or billing. Our administration staff are always willing to discuss any financial concerns that you may have.

Hospital Admission

Our specialists have admitting rights to Hobart Private Hospital, the Royal Hobart Hospital and Calvary. Where a surgical procedure is advised, and you choose a private hospital admission, our specialists participate in the “No-Gap” or “Known-Gap” schemes offered by major Health Funds. There are occasional circumstances where this cannot be offered and you will be advised accordingly. If you are not privately insured and wish to have a procedure at the Hobart Private Hospital or Calvary a fee schedule will be advised at the time of your consultation. Anaesthetists and assistants all have separate charges.

Privacy & Confidentiality

Please refer to our Privacy & Confidentiality Policy

Feedback

We are committed to providing an excellent service and welcome any comments or suggestions that could help us improve our level of care. A feedback form is available at reception.
