

OBSTETRICS FEE STRUCTURE & FINANCIAL CONSENT

Congratulations on your pregnancy and thank you for choosing Fertility Tasmania.

We are very pleased to provide care for you and your baby throughout your pregnancy, from planning, antenatal care, birth and up to six weeks following delivery.

Our priority is you and your baby’s physical wellbeing. We offer counselling and advice on all aspects of your pregnancy. We make myself available at all times to ensure you and your baby receive the best possible health care.

We deliver at all three hospitals the Hobart Private, Calvary and the Royal Hobart Hospital and our approach is to provide women and couples with a safe and rewarding birth experience with minimal intervention unless medically indicated.

For your safety and reassurance, we provide a 24 hour contact number for emergencies, as well as having the support and care of each of the hospitals maternity wards.

OBSTETRICS FEE STRUCTURE & FINANCIAL CONSENT (CONTINUED)

Hospital Admission, Labour and Delivery

We have admitting rights to the Hobart Private Hospital, Calvary and the Royal Hobart Hospital.

There will be no out of pocket expense for your delivery and medical care associated with your private hospital stay. Your Private Health Fund normally covers these as we have a No Gap agreement with your Health Fund. The fee generally will be invoiced directly to your Private Health Fund.

Please ensure your policy covers obstetrics and you have served all applicable waiting times. It is important you check with your fund, in advance, to ensure you do not incur any unexpected expenses.

If you find you are not covered by your health fund you can still choose private antenatal health care but you are personally liable for inpatient private hospital fees if you choose to deliver at any of the private hospitals.

Antenatal appointments however are not covered by your health insurance only by Medicare. Any ultrasounds performed in the clinic will be charged to Medicare so you will not incur an out of pocket fee.

This is an estimate of your expenses for obstetric care, any pathology tests, radiology, paediatrician attendance and anaesthetists (required for surgical procedures and epidurals) and assistants (if required) all have separate charges and are not covered by this quote.

If you are scheduled for a caesarean section, then an assistant surgeon will be required and you may receive a separate invoice for this service also.

These fees are all eligible for rebates through Medicare and/or your Private Health Fund.

If you have single cover, or couples-only insurance you may wish to consider changing your policy to family cover so that both you and your baby are covered for hospital care in a private hospital.
